HENRIQUE DE AZARA TOSTA

DEVELOPER

PROFESSIONAL SUMMARY

22-year-old professional with experience in customer support and software development. As an intern at Soluti Digital, I helped resolve issues and answer customer questions. At Instituto Anexo, I worked on back-end and front-end development and AI-based computer vision, earning a promotion to Junior Developer for my performance. I continually seek to improve my skills and deliver effective solutions.

EXPERIENCE

Soluti Digital

Customer Support Intern

Jun 2023 - Sep 2023

At Soluti, I played a key role in customer support, helping resolve issues and answer questions by phone and chat.

Instituto Anexo

Software Development Intern

Mar 2024 - Jun 2024

I joined the Instituto Anexo team to work on both front-end and back-end projects.

Instituto Anexo

Junior Developer

Jun 2024 - Dec 2024

In addition to my previous responsibilities as an intern, I also helped develop AI-based computer vision models.

Santri Soluções

Full Stack Developer

Dec 2025 - Present

I develop, enhance, and maintain internal web applications using Python, Flask, JavaScript, Bootstrap, HTML, CSS, and Oracle SQL.
